FIRE & FLOOD | CLEANUP & RESTORATION

HELLO CALIFORNIA

Abbotts Fire and Flood Restoration is an elite disaster recovery and restoration company that built its reputation and business foundation in the western Rocky Mountain region.

Abbotts brings three generations of disaster recovery and restoration experience to California, offering unparalleled professional expertise in water damage restoration, fire damage recovery, sewage and asbestos spill cleanup and more, all with the family-owned, personal attention you deserve.

THE ABBOTTS ADVANTAGE

We're Your Friend When You Need It Most

When disasters like floods, fires or other dangerous, damaging events occur, you find yourself stretched thin. We know from working with many families and business owners over the years how stressed and exhausted you get when you're trying to go in every direction at once.

When everyone is looking to you for some ray of hope, some sign that things will get back to normal, you need a friend. We're here.

A FEW REASONS TO CHOOSE ABBOTTS

- **Response** - 24/7 immediate response.
- **Integrity** - No hidden fees. We use the industry gold standard pricing system, Xactimate®.
- **Quality** - Unparalleled quality standards.
- **Free** - Inspection, consultation and estimate.
- **Capability** - We command a formidable team of experienced, dedicated restoration experts.
- **Commercial or residential** - We can handle any restoration job, from a home to a factory.
- **Professionalism** - We never coast. Abbotts experts are the best trained in the business.
- **Experience** - Three generations of disaster restoration experience.
- **Trust** - Licensed, bonded, insured.
- **Tested** - We have a successful track record working with all insurance companies to make the claims process hassle free.
